This plat represents a retranscend and reestablishment of a portion of the south and west boundaries and a portion of the subdvisional lines and reposition of certain original corner points, T. 4 S., R. 7 W., Willamette Meridian, Oregon, designed to restore the corners in their true original location according to the best available evidence, and subdivision of Secs. 27, 28, and 29. Excepting all new or modified vacant subdivisions are shown herein, the lots and areas are as shown on the plat approved October 26, 1871.

The north boundary was surveyed in 1854 by Abraham H. Armstrong and resurveyed in 1879 by Henry Heidtmann. The west two miles of the south boundary were resurveyed in 1877 by Robert F. Halsey.

The west boundary was surveyed in 1873 by Henry Heidtmann and resurveyed in 1874 by Otis O. Goold.

The subdvisional lines were surveyed in 1873 by Henry Heidtmann.

Recent retranscend of a portion of the south and west boundary and a portion of the subdivisional lines, and reposition of Sections 27, 28, and 29, and reposition of certain original corner points executed by Allan K. Rosebery, under Special Instructions issued May 5 and June 13, 1961, and September 26, 1961, and with Special Instructions issued September 30, 1963, 1964, provide for the survey checked under Group Nos. 743 and 116, Oregon. Surveys examined May 9, 1965, and April 30, 1965.

UNITED STATES DEPARTMENT OF THE INTERIOR
BUREAU OF LAND MANAGEMENT
Washington, D.C.
December 2, 1962

This plat, if strictly conformed to the approved field notes, and the survey, being now correctly executed, is acceptable in accordance with the laws and regulations of this Bureau, is hereby accepted.

For the Director

Chief, Division of Engineering
