I, Harold Williams, of Bay City, Oregon,
being first duly sworn, do depose and say as follows:
I am fifty-seven years old and have been a timber cruiser for the
last thirty-five years. I saw the section corner common to sections
27, 28, 33 and 34, T.28N, R.9W,W.M., in 1918 while working for the
Whitney Co. Ltd. There was one bearing tree remaining with scribes
visible on it. It was a dead hemlock stub that beared to the north
west from the corner point which I determined from a copy of the
original survey notes. I remember an alder that set to the northeast
and near the corner, and which is still alive. I returned to the
corner in 1926 and 1938, but the bearing tree had decayed away.
Richard Morris placed a 1 1/2"x36" galvanized iron pipe with a 3"
bronze cap, furnished by the Oregon State Board of Forestry, at the
point where the original corner set.
