March 20, 1960

Mr. W. H. Anderson
County Surveyor
Tillamook, Oregon

Dear Bill:

There being no physical evidence of the ¼ corner common to Section 51, Twp. 1 S., Range 9 W. and Section 6, Twp. 2 S., Range 9 W., and there being only one bearing tree existant, I set an 1½" iron pipe North 7.0 feet from the existing scribed 6″ spruce bearing tree and scribed a 16″ maple which bears South 61° West 27.0 feet.

Set in March, 1960, in the presence of Ken Tittle

I have established the 1/16th corner which is the southeast corner of the southwest ¼ of the southeast ¼ of Section 24, Twp. 3 N., Range 10 W., in accordance with the following procedure:

From the ¼ corner common to Sections 24 and 25, which is a 1″ iron pipe 1.2 feet south of an existing fence, I run South 30° 55' East 2752.5 feet, where I find a ½″ iron pipe set by Markham in 1955 for the ¼ corner to Sections 24 and 19. I find his bearing trees in place with surface scribes plainly visible.

At South 39° 59' East 1391.2 feet, I set a 1″ iron pipe for the 1/16th corner, from which an 8″ alder bears S 2° E 11.0 ft. 9″ alder bears N 76° W 7.7 ft. 10″ alder bears N 80° E 11.4 ft.

Set in March, 1960

In the presence of Dale Mills and Tom Dwarte

Very truly yours,

Claire G. Tittle
