Restoration of the South ¼ corner of Section 36, T 2 S, R 10 W, W.M.
(said corner being on the Township Line between T 2 S & T 3 S,
R 10 W, W.M.)

I set a 1½" x 2½" galvanized pipe with a lead plug, exactly 15.8
feet S 3 W of a 2½" Hemlock stub with a charred face and no scribe
marks visible, and 29.0 feet S 65° E of a 70° Fir Stump with the
following scribe marks visible "BT ¼ S 25 R 10 W", 2" out of the
ground. The pipe leans towards the South because a large tree root
prevented me from driving it straight. The corner was then rewitnessed
as follows: Var. 22 E.

A Hemlock, 1½", bearing S 57½° E 16.1 feet with a Yellow Tag
and marked "BT ¼ S 36 #376"

A Hemlock, 1½", bearing N 23 W 6.0 feet marked "BT ¼ S 36 #376"

There is also a 12" Fir with a Yellow Tag marked "Approx. Corner"
which bears S 89 W 25 feet more or less placed 9-15-56 by
Milton Easton Jr.

The top of the lead plug is marked as follows:

February 9, 1961

Restoration of the Closing Section Corner of Sections 1 & 2,
T 3 S, R 10 W, W.M. (said corner being on the Township Line
between T 2 S and T 3 S, R 10 W, W.M., and coincident with
the South boundary of Section 36, T 2 S, R 10 W, W.M.)

I set a 1¼" x 2½" galvanized pipe with a lead plug, exactly
11.9 feet N 7 W from a 12" rotted stub 0.5 feet tall; 4.0 feet
N 74° E from a 1½" Hemlock stub 2.0 feet tall, rotted, with an
overgrown scar but no faces, and 9.9 feet S 20 E from an 8½" Hemlock
stub, rotted, with the bottom of an old face which shows axe marks
and some fragmentary scribe marks; 3½" out of the ground. The
corner was then rewitnessed as follows: Var. 22 E.

A Hemlock 10" bearing N 37 W 10.9 feet with a Yellow Tag and
marked "BT S 36 #376"

A Fir 16" bearing S 65° W 8.3 feet marked "BT S 2 #376"
A Yellow Tag on this tree faces an old truck road
which is 10 feet to the South.
A Fir 9" bearing S 55½° E 10.9 feet marked "BT S 1 #376"

The top of the lead plug is marked as follows:
