SURVEY FOR
LONGVIEW FIBRE COMPANY AND
OREGON-WASHINGTON PLYWOOD COMPANY

SE1/4 SECTION 3, T6S, R10W

BY LONGVIEW FIBRE COMPANY AND
OREGON-WASHINGTON PLYWOOD CO. November 3, 1970
Plat #546-8

Section 3 was initially partially subdivided in 1967 by
Longview Fibre Company. This survey is an extension of the
1967 work to further subdivide (the SE1/4) the said Section 3.
Bearings given are tied to the previous survey.
This survey was initiated at the 1/4 corner common to
sections 3 and 2, using a Theodolite T-1AB and 300-foot
tape. Found 1 1/16 iron pipe, with original bearing tree and
1 rescribe as recorded by Longview Fibre Company in 1967.

thence S 4° 30' W between sections 3 and 2

1321.3

Found a 1" galvanized iron pipe, established by proportionate
measurement by U.S.F.S. in 1952. Found 2 bearing trees with
faces grown over. I drove a 1 1/16 x 36" stainless steel pipe
over the 1" pipe.
