CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

This corner was originally established by William Wright in 1882. He came South from the corner to Sections 29, 30, 31, and 32, 40 chains and marked:

"A Hemlock, 6 ins. diam., for 1/4 Sec. Corner, mdk. §S on West Face; from which Hemlock, 7 ins. diam., bears N10°E, 32 links dist., mdk. 45° 8 BT.
Hemlock, 9 ins. diam., bears S47°E, 28 links dist., mdk. §S BT."

At that point he states the land to be rough and broken and does not continue on and tie to the corner to Sections 31, 32, 5, and 6.

(Contractor Survey)

Description of corner evidence found:

I could find no evidence of the original corner or its accessories. I did find an 1½" Iron pipe 2 feet above ground set by John Garlich in 1955. This pipe was set by single proportionate measurement between the two section corners.

Description of monument and accessories I established to perpetuate the original location of this corner:

I set a 2½x36" Iron pipe with a flared bottom and brasscap riveted to the top marked:

T.58, R.104,
S31/S32
1971
O.J.S. 816

Per Manual instruction at a distance of 2640 feet South (Solar observation), from the corner common to sections 29, 30, 31, and 32.

I scribed the following BT's and placed tags and painted red bands on them

17" Hemlock 49°W, 752 ft., mdk. "S32BT"
45° Spruce Stump 49°W, 92 ft., mdk. "S31BT"
1½" Iron pipe 80°-30'-45"N, 420.54 feet

(Garlich 1955)

I erected a small stone mound around the brasscap and set a 6 foot steel post with and "Attention" sign 2 feet West.

Office of COUNTY SURVEYOR
County of TILLAMOOK
State of OREGON...
I hereby certify that the within instrument was filed in this office
the record in the 12th day of OCTOBER, 1971, No.5 filed & com. (signed)
