History of original corner establishment:

This corner was set originally in 1880 by Caudle. He set a 12"x8"x7" stone 80 chains North of the corner to section 27, 28, 33 and 34.

(Contract Survey)

Description of corner evidence found:

V. W. Hayes, Tillamook County Surveyor, restored this corner in 1887 by setting a 4½x4½ Post. M. Whitmore in 1934 saw scribe marks "Yamhill" on the Eastside of post. He also saw marks "Tillamook Co. 37" on a 48" snag S.27°W., 41 feet S.D. He then marked 2 new BT's

I found a 4½x4½ wood post 2 feet above ground in poor condition tied to an iron axle located in a stone mound.

Description of monument and accessories I established to perpetuate the original location of this corner

I set a 2"x30" iron pipe with a flared bottom and a brasscap riveted to the top marked:

T.55., R.9W.  
S21 | S22  
S28 | S27  
1971  
O. L. S. 816

I tied to the existing BT's and old snag and scribed one new BT placing new tags and painting red bands on all of them:

42" fir N.47°W. 40½ ft. (scar visible)  
49" fir N.56°E. 11½ ft. (scar visible)  
48" rotten stump S.27°W. 30½ ft.  

No available trees to the S.E.

I built a small stone mound and reset the axle and post 1 foot East. I set 6 foot steel post with "Attention" and "Property Boundary" signs 3 feet West.

REGISTERED  
OREGON  
LAND SURVEYOR  
JULY 17, 1970  
KENNETH M. WIGHTMAN II

Office of  
COUNTY SURVEYOR  
County of  
TILLAMOOK
