History of original corner establishment:
Wilson in 1890 set a post 4" sq., 4' long, 24" in ground, mkd.
T 6 S R 10 W, S 5 on NW; T 6 S R 10 W S 4 on NE;
T 6 S R 10 W S 9 on SE; and T 6 S R 10 W S 8 on SW face.
1 notch on S and 4 on E edges from which:

Hemlock 16" diam. bears S58°E, 32 lks.
Hemlock 12" diam. bears S44°W, 23 lks.
Hemlock 7" diam. bears N39°W, 30 lks.
Hemlock 7" diam. bears N73°E, 25 lks.

All trees mkd. as per instructions.

Description of corner evidence found:
Monument found:
1½" x 54" Tong yellow iron pipe exposed 18", set by M. Whitmore in 1963.
BT's found:
Find remains of 16" Hemlock stump, rotten, S58°E, 32 lks.
Find remains of 12" Hemlock stump, rotten, S44°W, 23 lks.
Find remains of 7" Alder stump, rotten, N39°W, 30 lks. Orig. called for 7" Hemlock.
No evidence of NE BT.
Hemlock 8" diam., 10' high snag, bears N40°W, 2 ft., scribed BT SC (origin unknown).
Hemlock 18" diam., 25' high snag, bears N40°E, 4.4 ft., partly healed face scribing visible
(origin unknown).
Hemlock 22" diam., S54°E, 1½ lks., partly healed face, scribing visible(M. Whitmore 1963 BT).
Hemlock, dead and down, 12" diam. bears S39°W, 46 lks., scribing visible(M. Whitmore 1963 BT).
Creek calls at 4.0 chs. S. and 17.50 Chs. S. are harmoniously related to the record.
M. Whitmore traverse notes in 1963 verify this. I determine that the call, 4.28 chs., to
the east does not fit. Wilson probably did not run this half mile.
Description of monument and accessories I established to perpetuate the
original location of this corner: September 14, 1979
At the point determined by M. Whitmore, I set an aluminum post (with magnet in top and
bottom), 30" long, 3" diam., 24" in the ground, with aluminum cap. mkd.

1½" iron pipe buried alongside aluminum post.

Accessories: Scribe 1 new BT
Hemlock 17" diam. bears N89°E, 26.5 ft., mkd. T 6 S R 10 W S 4 BT.
No other suitable bearing trees available.
Painted face and 6" red band around all accessories. Put ATTN sign on
back of all accessories.
