1991

I found a 1" iron pipe badly rusted. [See Tillamook County Surveyors rewitness book 2 at page 424].

I replaced the found iron pipe with a 1 1/2" iron pipe with a 3" Tillamook County Surveyors brass cap in a 10" concrete cylinder. I laid the found iron pipe alongside the new monument.

History of found monument

I found this monument to be as reported on said rewitness, and the references found and/or set at that time to now be as follows:

Original 30' hemlock S.25 E. reported in said book 2 as a 30' stub 15' high edges of rotted out face visible, no scribes. (Found at position, now a 10' snag 15' high with yellow metal location poster attached marked H.S. Williams).

17' spruce S.74 W. 23.8': (Found, now a 36' spruce with healed face).

13' hemlock N.86 E. 26.5': (Found, now a 25' hemlock with a partially healed face and an O.S.B.F. yellow metal location poster attached).

4'X 4'X 60' white painted cedar post 1.0' SE. (Found O.K.).

New Accessory

#72' hat section post West 1.5'

*Indicates Tillamook County Surveyors yellow metal location poster attached.
