I found a 1' 1/2' iron pipe with a 3' O.S.B.F Bronze Cap, in a mound of stones. (See T.C.S. Rewitness Book 1 at Page 115). I encased the found monument in an irregular mass of concrete.

History of found monument

I found this monument to be as described in T.C.S. Rewitness Book 1 at page 115 and the references found and/or set at that time to now be as follows:

[Original] 6' hemlock N.20°W. 76 links. Reported on above as an 18' stub 4' high, badly burnt and rotted; (Now gone).

[Original] 6' alder S.14°E. 56 links. Reported on above as a 10' stub 6' high, lower face burnt out, and upper face rotted out; (Now gone).

(Book 1 Page 115) 72' fir snag S.2 1/2°E. 115.0'; [Found, Now a 72' fir stump, at position, scribing visible on rotten face].

(Book 1 Page 115) 76' fir stump N.12°W. 193.7'; [Found, now a 78' fir stump, scribing visible on rotten face].

(Book 1 Page 115) 63' hemlock stub 11' high N.51°E. 10.9'; (Found, now very rotten stub, 6' high).

(Book 1 Page 115) 4' X 4' X 48' post 1.5' SE; [Found Post with Yellow metal location marker, now rotted off, laying alongside monument].

New Accessory

#16' fir S.83°W. 3.35', scribed 1/4S11BTCS. The distance was measured to a nail with a T.C.S. Brass washer between the scribe marks "B & T" in the face.

#14' fir N.0°E. 10.35', scribed T18BNS2B7/4CS. The distance was measured to a nail with a T.C.S. Brass washer between the scribe marks "B & T" in the face.

#72' light hat section post S.20°E. 1.3'

#Indicates Tillamook County Surveyors yellow metal location marker attached.
