TILLAMOOK COUNTY SURVEYORS OFFICE
COURT HOUSE, TILLAMOOK, OREGON 97141

C 1/4 CORNER SECTION 10, T.15S., R.8W., R.M.

I found a 1 1/2" iron pipe with a plug and nail on
the Northerly Bank of the Wilson River (T.C.S. Map
#A-379 & Rewitness Card #169).

LS 793
1992
set a 3" T.C.S. brass cap on a 5/8" iron rod in a
4 x 3 x 2.5' boulder for a reference mark N39°E
41.63', stamped as shown at left.

History of found monument

This corner is not in the correct location for the Center of the Section.
according to a recent survey by the Oregon Department of Forestry, which
retraced the East line of the Section (T.C.S. Map A-6301) and found it to be
very different from Andersons (T.C.S. Map A-379), but was rewitnessed by this
office for its historical value.

I found this monument to be as described on said T.C.S. Rewitness
Card and references found and/or set at that time to now be as follows:

*(Rewitness Book 1 Page 85) 20" twin spruce N54°E 48.5', reported on
rewitness #169 as a twin spruce at bearing and distance; (Found, now a
52" twin spruce N54°E 48.5' from the corner, and S72°E 14.1' from this
Reference Mark).

*(Re/W Card #169) B4 hat section post 3.0' North; (Found, good).

*indicates Tillamook County Surveyors Yellow Metal Location Poster
attached.
