Previous Rewitnesses, Restorations and Surveys, etc. Map A-4104 (John Carlich) subdivides the SW ¼ of Section 30, Setting the Center-South 1/16 corner. John set a 5/8” rebar on the South side of a forest road and gives coordinates to two ½” rebars at the PI’s of the forest road (references to the 1/16 corner).

**Found Monument(s) and Accessories (Condition & Source):** I found a 5/8” x 30” rebar on the South side of the forest road, in the fill slope of the road, leaning Southerly. I also found 2 ½” brass cap on 2” galvanized iron pipe (South ¼ corner Section 30), top 0.3” above ground with steel post 5 feet South and West, 18” Hem. With healed face bears (S 23° E 9.3’) and 18” Hem. With healed face bears (N 22° E 21.3’); bears South 8º 55’ 24” East 1221.97 feet (South 8º 55’ 24” East 1222.03 feet) from Center-South 1/16 corner. ( ) indicates record information from map A-4104.

**Monument Set (Procedures and Description):** I replaced with a 5/8” x 40” rebar with yellow plastic cap marked “TERRY JONES LS 2507”, top 1 foot below ground, at the position of the bottom of the found monument.

I placed a new steel post, top painted red, with a yellow plastic “GREEN DIAMOND RESOURCE COMPANY PROPERTY LINE” tag and an aluminum location tag three (3) feet North of the CS 1/16 corner.

**Sketch of Found Monument:**

TERRY JONES
LS 2507

**Other new accessories set:** I placed a 5/8” x 40” rebar with yellow plastic cap marked “TERRY JONES LS 2507”, top 0.5 foot below road surface, at the PI of the road, approximately 2 feet South of the centerline, at the position of a found ½” rebar (badly rusted and bent), bears North 74º55’ 34” West 22.42 feet (N 75º46’ 07” W 22.09’). I also set another 5/8” x 40” rebar with yellow plastic cap marked “TERRY JONES LS 2507”, top 0.5 foot below road surface, 8 feet South of the centerline of the road, bears North 27º 07’ 37” West 12.94 feet.

**New Bearing Trees** — area to be logged soon, therefore, I did not mark any bearing trees.

**Location & Comments:** The corner lies in the fill slope of the lower forest road, approximately 900 feet Westerly from where the road crosses Hawk Creek.
