History of Corner, Found Monument(s) and Accessories (Condition & Source): The original monument was set by O.H. Shrader in May of 1910 as a 2'x3' galvanized Iron pipe 6" deep, said galvanized pipe was re-monumented in 1949 with a brass cap in concrete by W.E. Anderson. Sometime between 1949 and 1967 the brass cap went missing from monument and only the reinforcing bar remained; this was documented on rewitness card #92 but this rewitness card does not describe any restoration done to the monument if any had been done at this time. A 3" brass cap stamped "INT PT MANHATTAN RS 793 196" was added as documented in rewitness card #91. In October of 1991 County Surveyor Al Duncan drove found monument from 1" inch below surface of pavement to 5" below surface of pavement and set an 8" cast iron monument case around the found monument, this was documented in rewitness book 7 page 105.

(Rewitness Book 7 page 105)- SE corner of garage N29°W 37.88’ was found
(Rewitness Book 7 page 105)- NE corner of house S67°W 22.18’ not found house is now gone
