HISTORICAL:

D.L. "Louie" Terwilleger, who has lived on the property most of his life (his grandfather was L.C. Smith) told me that he put the pipe in for this cor. to preserve the location of the post that was there. His grandfather pointed out to him a scribed bearing tree which was by then dead from a fire which had gone through the area.

CONDITION

County crew checked the distance along the section line to the west side of the railroad tracks, getting 720.9.

FOUND: which is 64.5 feet short of GLO notes call.

b ar in mind that a terrible storm many years ago, *(see photo in Museum) washed out the railroad tracks at Berview nd the railroad was relocated inland from original place thus indicating that the shore line was further west than now to account for this 64.5 feet.

J.L. Carlich County Surveyor Dec. 1979
