Dear Commissioners,

In 1941 , Doctors and Army Generals of the German government were put on trials for medical experiments on children and adults while they were prisoners .

They were put to death on " crimes against humanity "

What' is being forced on babies, children , elderlies , against their will , through coercion , is atrocious .

Even Japan ministry of Health , wants people to be informed on " side effects " of this injection and request that any of these side effects be reported right away .

In Cannon Beach and Nehalem , two women have now MS after the second injection...every hospital they go to for help , dismisses them .
