**VALUATION \$** \_\_\_\_\_

Separate State of Oregon permits are required for electrical, plumbing, and mechanical work. **The Property Owner is responsible** for seeing that these additional permits are obtained prior to work being done.

This application, if approved, includes only the work described above and/or plans and specifications bearing the same permit number. The applicant agrees to comply with all applicable codes and ordinances governing planning, sanitation and construction and agrees to meet any, and, all of the conditions listed below.

The granting of this permit does not presume to give authority to violate or cancel the provisions of any Federal, State or Local law regulating construction or the performance of construction.

**THIS PERMIT APPLICATION DOES NOT ASSURE PERMIT APPROVAL.** Such approval can be given only after staff review determines compliance with all applicable legal requirements.

This application, if approved, becomes null and void if placement of mobile home or recreation vehicle is not completed within six (6) months from the date of approval.

**I further understand that it is my responsibility as permit applicant to request and receive all required inspections pertaining to this permit, if approved, as outlined in Oregon Administrative Rule (OAR) chapter 918. I further understand that permits issued by an inspection jurisdiction under provisions of these rules shall expire and become null & void if the work authorized by the permit is: (A) not started within 180 days from the date of the issuance; or (B) suspended for a period of 180 days after the work is started.**

In order to avoid a permit expiration, or additional fees, one of following is required: **(A)** Request an inspection showing construction progress at intervals of not to exceed 180 days, or **(B)** Request in writing, an extension within 180 days of issuance of previous inspection. The written request must show justifiable cause and will be granted depending on circumstances. If the permit expires prior to completion and requires further inspections, I understand I will be required to purchase a new permit and begin process again.

Prior to construction or placement, it is advisable that you check your deed for other restrictions that may apply.

I, the applicant, verify that I have read and understand the above information. I further certify that the information that I have provided is complete and accurate and may be relied upon by the Department of Community Development in the processing of my application. I understand that fees are not refundable. I accept responsibility for any inaccuracies in the information that I have provided and for the consequences thereof.
