March 29, 2024

Dear Property Owner:

This is to confirm that the Tillamook County Department of Community Development **APPROVED WITH CONDITIONS** the above-cited partition on March 29, 2024. A copy of the application, along with a map of the request area and the applicable criteria for review are available for inspection on the Tillamook County Department of Community Development website: <https://www.tillamookcounty.gov/commdev/landuseapps> and is also available for inspection at the Department of Community Development office located at 1510-B Third Street, Tillamook, Oregon 97141.

**Appeal of this decision.** This decision may be appealed to the Tillamook County Planning Commission, who will hold a public hearing. Forms and fees must be filed in the office of this Department before **4:00pm on April 10, 2024**. This decision will become final on April 10, 2024, after 4:00pm unless an appeal is filed in accordance with Tillamook County Land Use Ordinance Article X.

**GENERAL INFORMATION**

- Request:** Partition request to create two (2) residential parcels (Exhibit B).
- Location:** Located south of the Incorporated City of Tillamook via Highway 101 S., a state highway. The subject property is designated as Tax Lot 01305 of Section 21B0, Township 2 South, Range 09 West of the Willamette Meridian, Tillamook County Oregon. (Exhibit A).
- Zone:** The subject property is zoned Rural Residential 2-Acre (RR-2) (Exhibit A).
- Applicant:** Michael R. Rice, PLS - P.O. Box 521, Tillamook, OR. 97141
- Property Owner:** Dennis P. & Tanya L. Wilks – 9455 Highway 101 S., Tillamook, OR. 97141

**CONDITIONS OF APPROVAL:**

Staff concludes that the applicant and property owner have satisfied the minimum application requirements and can satisfy all applicable requirements outlined in the Tillamook County Land Use Ordinance, Tillamook County Land Division Ordinance and ORS Chapter 92. The Preliminary Partition Plat is hereby **APPROVED**, subject to the conditions listed below.

**This approval is subject to the following conditions:**

1. The applicant shall obtain all Federal, State, and Local permits, as applicable.

2. All easements necessary to serve the proposed parcels for access and utilities shall be clearly identified on the Final Plat.
3. The applicant shall comply with all requirements of the Tillamook County Surveyor's Office.
4. The applicant shall record the Final Plat within two (2) years from the approval date of the Preliminary Plat or apply for an extension of time from this Department prior to expiration of Preliminary Plat approval.
5. The applicant shall record the Final Plat within ninety (90) days from the date of final signature of the partition plat.
6. Future development is subject to standards required by TCLUO Section 3.010: Rural Residential 2-Acre zone and TCLUO Section 4.130: Development Requirements for Geologic Hazard Areas.

Sincerely,  
Tillamook County Department of Community Development

**I. GENERAL INFORMATION:**

- Request:** Partition request to create two (2) residential parcels (Exhibit B).
- Location:** Located south of the Incorporated City of Tillamook via Highway 101 S., a state highway. The subject property is designated as Tax Lot 01305 of Section 21B0, Township 2 South, Range 09 West of the Willamette Meridian, Tillamook County Oregon. (Exhibit A).
- Zone:** The subject property is zoned Rural Residential 2-Acre (RR-2) Zone (Exhibit A).
- Applicant:** Michael R. Rice, PLS - P.O. Box 521, Tillamook, OR. 97141
- Property Owner:** Dennis P & Tanya L. Wilks – 9455 Highway 101 S., Tillamook, OR. 97141

**Description of Site and Vicinity:** The subject property is accessed via Highway 101 S., is irregular in shape, approximately 4.5+ acres in size, is improved with a single-family dwelling and is vegetated with grasses, bushes, and trees (Exhibit A). The topography of the subject property is generally flat. The subject property is located within an area primarily devoted to residential use. The subject property is surrounded by properties zoned RR-2 to the north, south, east, and west (Exhibit A).

The subject property is within an area of geologic hazard, contains some mapped natural features as indicated on the Statewide Wetlands Inventory map, and is located within Zone X an Area of Minimal Flood Hazard as depicted on the FEMA Flood Insurance Rate Map (FIRM 41057C0595F) (Exhibit A).

Given the size and topography of the subject property and subsequent parcels, Staff finds that the standards of TCLUO Section 4.130: Development Requirements for Geologic Hazard Areas are not applicable at this

time, however a Condition of Approval has been made to require relevant standards of this section be adhered to at the time of development.

## II. APPLICABLE ORDINANCE AND COMPREHENSIVE PLAN PROVISIONS:

The request is governed through the following Sections of the Tillamook County Land Use Ordinance (TCLUO). The suitability of the proposed use, in light of these criteria, is discussed in Section III of this report:

- A. Land Division Ordinance Section 070: Preliminary Plat Approval Criteria
- B. TCLUO Section 3.010: Rural Residential 2-Acre (RR-2) Zone
- C. TCLUO Section 4.130: Development Requirements for Geologic Hazard Areas

## III. ANALYSIS:

Notice of the request was mailed to property owners within 250 feet of the subject property and agencies on February 9, 2024. No comments were received.

### A. Land Division Ordinance Section 070: Preliminary Plat Approval Criteria

*(1) Approval Criteria. The Approval Authority (Director for partitions and Planning Commission for subdivisions) may approve, approve with conditions or deny a preliminary plat. The Approval Authority decision shall be based on findings of compliance with all of the following approval criteria:*

- (a) The land division application shall conform to the requirements of this ordinance;*
- (b) All proposed lots, blocks, and proposed land uses shall conform to the applicable provisions of the Land Use Ordinance – Article 3 Zone Regulations and the standards in Section 150 of this ordinance;*

**Findings:** The applicability of the RR-2 Zone is addressed below. Plat and the submitted supplemental information confirm the criteria above are met.

- (c) Access to individual lots, and public improvements necessary to serve the development, including but not limited to water, sewer and streets, shall conform to the standards in Sections 150 and 160 of this ordinance;*
- (d) The proposed plat name is not already recorded for another subdivision, does not bear a name similar to or pronounced the same as the name of any other subdivision within the County, unless the land platted is contiguous to and platted by the same party that platted the subdivision bearing that name or unless the party files and records the consent of the party that platted the contiguous subdivision bearing that name;*
- (e) The proposed streets, utilities, and surface water drainage facilities conform to Tillamook County's adopted master plans and applicable engineering standards and, within Unincorporated Community Boundaries, allow for transitions to existing and potential future development on adjacent lands. The preliminary plat shall identify all proposed public improvements and dedications;*
- (f) All proposed private common areas and improvements, if any, are identified on the preliminary plat and maintenance of such areas is assured through appropriate legal instrument;*
- (g) Provisions for access to and maintenance of off-right-of-way drainage, if any;*

**Findings:** The preliminary plat outlines access to the subject property and subsequent parcels remains via Highway 101 S., a state highway (Exhibit B).

Land Division Ordinance Section 150 outlines development standards for partitions. Standards within this section either do not apply, evidence submitted by the Applicant confirms the standards are met, or that the standards can be met through compliance with the Conditions of Approval.

Staff concludes the above standards and the standards in Sections 150 and 160 of the Land Division Ordinance have been met or can be met through the Conditions of Approval.

- (h) Evidence that any required State and Federal permits, as applicable, have been obtained or can reasonably be obtained prior to development; and*
- (i) Evidence that improvements or conditions required by the road authority, Tillamook County, special districts, utilities, and/or other service providers, as applicable to the project, have been or can be met, including but not limited to:*
  - (i) Water Department/Utility District Letter which states that the partition or subdivision is either entirely excluded from the district or is included within the district for purposes of receiving services and subjecting the partition or subdivision to the fees and other charges of the district.*
  - (ii) Subsurface sewage permit(s) or site evaluation approval(s) from the appropriate agency.*

**Findings:** The subject property is served by the Pleasant Valley Water Company; a water availability letter is included with submittal (Exhibit B). For proposed parcel 1 onsite wastewater services, a notation can be placed on the plat stating that the allowance of the partition does not warrant that site evaluation approval is or will be available to the approved parcels if site evaluation approval has not yet been obtained. Proposed parcel 2 is service by an existing onsite wastewater system (Exhibit B).

The subject property is also served by the Tillamook Fire District and Tillamook County Sheriff's Office. Given the location of the property, availability of public services existing in the area and absence of natural features on the subject property, staff conclude these criteria have been met or can be met through compliance with the Conditions of Approval.

**B. TCLUO Section 3.010: Rural Residential 2-Acre (RR-2) Zone**

*4. STANDARDS: Land divisions and development in the RR-2 and RR-10 zone shall conform to the following standards, unless more restrictive supplemental regulations apply:*

- (a) The minimum lot size is two acres for parcels zoned before October 4, 2000.*
- (b) The minimum parcel/lot size is 10 acres for lots/parcels re-zoned Rural Residential on or after October 4, 2000.*
- (c) Parcels less than two acres in size that were legally established prior to December 18, 2002 may be built upon provided that all other requirements of this Ordinance and other applicable development requirements are met.*
- (d) Lots in an approved preliminary subdivision plat that is being maintained in an active status as of the date adopted of this Ordinance may be built upon after approval and recording of the final plat.*
- (e) The minimum lot width and depth shall both be 100 feet.*
- (f) The minimum front yard shall be 20 feet.*
- (g) The minimum side yard shall be 5 feet; on the street side of a corner lot, it shall be no less than 15 feet.*
- (h) The minimum rear yard shall be 20 feet; on a corner lot, it shall be no less than 5 feet.*

**Findings:** The preliminary plat confirms the two (2) parcels created by the partition meet the minimum requirements for lot size and dimension standards as outlined above (Exhibit B). Proposed parcel 1 holds no existing improvements; while proposed parcel 2 holds the existing single-family dwelling, continuing to maintain all setback standards (Exhibit B). Staff finds these standards have been met.

**C. Land Use Ordinance Section 4.130: Development Requirements for Geologic Hazard Areas**

*(1) The following are GEOLOGIC HAZARD AREAS to which the standards of this Section apply:*

*(a) Active landslides identified in Oregon Department of Geology and Mineral Industries (DOGMI) Bulletins 74 and 79;*

*(b) Inactive landslides, landslide topography and mass movement topography identified in DOGMI bulletins 74 and 79 where slopes are greater than 19 percent;*

.....

*(2) A GEOLOGIC HAZARD report is required prior to approval of planned developments, coast resorts, subdivisions and partitions governed by the Land Division Ordinance, building permits, mobile home permits, sand mining, occurring in areas identified in (1) with the following exception:*

*(a) For building or mobile home or manufactured home permits in areas identified in (1)*

*(b), reports are needed for lots 20,000 square feet or larger only where the proposed structure is to be situated on slopes greater than 29 percent or if (1) (f) applies*

**Findings:** The subject property is within an area of geologic hazard (Exhibit A). Future development of the subject property may be subject to development standards of the TCLUO Section 4.130: Development Requirements for Geologic Hazard Areas. A Condition of Approval has been outlined below in Section V.

**IV. DECISION: APPROVED WITH CONDITIONS**

Staff concludes, based on the findings of fact and other relevant information in the record, the Applicant has satisfied or is able to satisfy the applicable ordinance requirements through the Conditions of Approval, and therefore, approves the request subject to the provisions in Section V below.

By accepting this approval, the applicants/property owners agree to indemnify, defend, save and hold harmless Tillamook County, and its office, agents, and employees from any claim, suit, action or activity undertaken under this approval, including construction under a Building Permit approved subject to this approval. The applicants/property owners shall obtain all of the necessary local, state, and federal permits and comply with all applicable regulations for the proposed building site.

This decision may be appealed to the Tillamook County Planning Commission, who will hold a public hearing. Forms and fees must be filed in the office of this Department before **4:00 PM on April 10, 2024**.

**V. CONDITIONS OF APPROVAL:**

Failure to comply with the Conditions of Approval and ordinance provisions could result in nullification of this approval.

1. The applicant shall obtain all Federal, State, and Local permits, as applicable.
2. All easements necessary to serve the proposed parcels for access and utilities shall be clearly identified on the Final Plat.
3. The applicant shall comply with all requirements of the Tillamook County Surveyor's Office.
4. The applicant shall record the Final Plat within two (2) years from the approval date of the Preliminary Plat or apply for an extension of time from this Department prior to expiration of Preliminary Plat approval.

5. The applicant shall record the Final Plat within ninety (90) days from the date of final signature of the partition plat.
6. Future development is subject to standards required by TCLUO Section 3.010: Rural Residential 2-Acre zone and TCLUO Section 4.130: Development Requirements for Geologic Hazard Areas.

The Statewide Wetlands Inventory (SWI) represents the best data available at the time the map was published and is intended as new data becomes available. In all cases, actual field conditions determine the presence, absence and boundaries of wetlands and waters (such as creeks and ponds). An onsite investigation by a wetland professional can verify actual field conditions.

### Proposed Development

- Proposed lots, streets, tracts, open space and park land (if any); location, names, right-of-way dimensions, approximate radius of street curves; and approximate finished street center line grades. All streets and tracts that are being held for private use and all reservations and restrictions relating to private tracts identified
- Location, width and purpose of all proposed easements
- Proposed deed restrictions, if any, in outline form
- Approximate dimensions, area calculation (in square feet), and identification numbers for all proposed lots and tracts
- Proposed uses of the property, including all areas proposed to be dedicated as public right-of-way or reserved as open space
- On slopes exceeding an average grade of 10%, as shown on a submitted topographic survey, the preliminary location of development on lots demonstrating that future development can meet minimum required setbacks and applicable engineering design standards
- Preliminary utility plans for sewer, water and storm drainage when these utilities are to be provided
- The approximate location and identity of other utilities, including the locations of street lighting fixtures, as applicable
- Evidence of compliance with applicable overlay zones, including but not limited to the Flood Hazard Overlay (FH) zone
- Evidence of contact with the applicable road authority for proposed new street connections
- Certificates or letters from utility companies or districts stating that they are capable of providing service to the proposed development

### Additional Information Required for Subdivisions

- Preliminary street layout of undivided portion of lot
- Special studies of areas which appear to be hazardous due to local geologic conditions
- Where the plat includes natural features subject to the conditions or requirements contained in the County's Land Use Ordinance, materials shall be provided to demonstrate that those conditions and/or requirements can be met
- Approximate center line profiles of streets, including extensions for a reasonable distance beyond the limits of the proposed Subdivision, showing the proposed finished grades and the nature and extent of construction
- Profiles of proposed drainage ways
- In areas subject to flooding, materials shall be submitted to demonstrate that the requirements of the Flood Hazard Overlay (FHO) zone of the County's Land Use Ordinance will be met
- If lot areas are to be graded, a plan showing the nature of cuts and fills, and information on the character of the soil
- Proposed method of financing the construction of common improvements such as street, drainage ways, sewer lines and water supply lines

- FINAL PLAT (LDO 090(1))
- Date, scale, north arrow, legend, highways, and railroads contiguous to the plat perimeter
- Description of the plat perimeter
- The names and signatures of all interest holders in the land being platted, and the surveyor
- Monuments of existing surveys identified, related to the plat by distances and bearings, and referenced to a document of record
- Exact location and width of all streets, pedestrian ways, easements, and any other rights-of-way
- Easements shall be denoted by fine dotted lines, and clearly identified as to their purpose
- Provisions for access to and maintenance of off-right-of-way drainage
- Block and lot boundary lines, their bearings and lengths
- Block numbers
- Lot numbers
- The area, to the nearest hundredth of an acre, of each lot which is larger than one acre
- Identification of land parcels to be dedicated for any purpose, public or private, so as to be distinguishable from lots intended for sale

**Certificates:**

- Title interest & consent
- Water
- Dedication for public use
- Public Works
- Engineering/Survey

Re: Water Availability

Dear Mr. Rice,

This letter is to inform you that water service is available from Pleasant Valley Water Company to tax lot 2S0921B0 01305 currently owned by Dennis Wilks.
