THANK YOU TILLAMOOK COUNTY!

On behalf of the Tillamook County Solid Waste Department, I would like to take a moment to thank everyone for all you've done to support our program during the past year.

This year was a milestone for our Hazardous Waste program: Our Hazardous Waste Facility turned ten years old this year! During this time we also served our 10,000th customer, and took in our 1,000,000th pound of hazardous waste. As the first permanent HHW facility on the Oregon Coast, we have definitely demonstrated how successful such a program can be!

All of our transfer stations and recycling facilities remained open throughout the year, even as COVID continued to throw curveballs at us along the way. As we often struggled to ensure adequate staffing, quantities continued to increase, pushing our capacities to the limits.

Our recycling numbers reached all time highs this year, but we can still do more. In 2022 we'll be introducing some new ways to help you and your neighbors recycle more, so we can all do our part.

HAPPY HOLIDAYS EVERYONE!

David McCall
